Apart from the education and the activity classes , it is also important that children learn some life skills.

- ❖ These teach them no work is too small or menial.
- ❖ They help them to be organized.
- ❖ They make the children independent and confident.
- ❖ Not only do they build good work ethics, but also make them feel important, helpful and even responsible.

HERE IS A LIST OF ACTIVITIES THAT YOUR CHILDREN SHOULD BE ENCOURAGED TO DO DURING THE VACATIONS:-

1. **MAKE THEIR BEDS AND TIDY THEIR ROOMS** : This habit is more than just a chore. When the bed is set straight and the room is neat, it brings peace into the room. It means the day has already begun on a productive note.
2. **HELPING WITH THE COOKING** : Try to take them to the market, when you buy fruits and vegetables and if it is not possible during this pandemic, you can buy them from the market and engage them in sorting, cleaning them and storing them in the fridge.
Allow them to help you with cooking. Let them make their own sandwiches and salads.
3. **MEAL TIME HELP** : Have the children help set the plates, cutlery and dishes. Helping to clear away after every meal and washing the plates is done to instill dignity of labour.
4. **PUTTING AWAY THE LAUNDERED CLOTHES** : They can help to fold small clothes like socks, handkerchiefs , vests, undergarments and stacking them in the correct place. This teaches them to be organized and to be accountable. They know where their things are kept so they won't bother you.
5. **LET'S SEND THESE THINGS FOR A VACATION:** keep your children away from excessive T.V , mobile phones , computers and other electronic gadgets, they have their whole life for that.
