

## **Holiday Homework for Summer Vacations**

**Class – 6**

**Subject – English**

**“SUMMER IS MESSY, SUMMER IS FUN, SUMMER IS NOT JUST SPENDING THE WHOLE DAY IN SUN.”**

With summer vacation round the corner let’s do something creative and interesting. Let’s give our hobbies a shape and indulge in doing those activities for which we do not get time in our regular routine (reading books, painting, running, exercising and playing indoor games).

### **Activity–1 : Be Creative and Innovative**

So this summer vacation make a **“Word Dictionary”** of your own. You have to design the dictionary in a very creative way. • It will include 3 new words of all the alphabets (A to Z) with their meanings and parts of speech ( Noun, pronoun, adjective, verb, adverb, preposition, conjunction, interjection, ) to which they belong.

Design it with lots of creativity and innovation.

### **Activity–2 : Puzzle world**

Solve any 5 crosswords from the newspaper and stick in A4 size sheets.

**Learn all the chapters done in class.**
